

Selected bibliography: General Research and Statistics on Foundations - European-Level Publications

Last update: December 2007

The politics of foundations : a comparative analysis / Helmut K. Anheier ; Siobhan Daly (Eds.). - Oxford : Routledge Taylor & Francis Group, 2007. - 349 p.

ISBN: 0415701678

This book explores the role and contributions of foundations in meeting the economic, cultural, environmental and educational needs of European societies. It includes a mapping and appraisal of foundation visions, policies and strategies, as well as an overall assessment of the current and future policy environment in which they operate. This volume also contains detailed comparative analysis of current challenges facing foundations, with individual profiles on foundations' activity from several European countries and a comparative view from the United States. Statistical data is included.

Foundations : creating impact in a globalised world / Luc Tayart de Borms. - New York : John Wiley and Sons, 2005. - 210 p.

ISBN: 0470015055

This book aims to spark an ongoing debate as the sector strives to strengthen its relevance and make a real difference in a world that is becoming more complex than ever before. It examines the evolving dynamics driving philanthropy as Western society struggles to meet today's many challenges. The author takes a hard look at the sensitive issues of democratic legitimacy, accountability and credibility in the context of civil society, as well as the changing policy environment in which foundations operate.

Foundations in Europe : a comparative perspective / Helmut K. Anheier. - London : The London School of Economics and Political Science (LSE), 2001. - 34 p. - (Civil Society Working Paper).

ISBN: 0753014580

Europe has a rich tapestry of foundations. These vary throughout the countries of this continent with regards to type, size, activities, role, development and their levels of recent growth. This paper first highlights then analyses these differences and suggests common themes and policy implications.
